

NAVONA

FOR A
BETTER
LIFE.
DESIGN,
FIRST OF
ALL

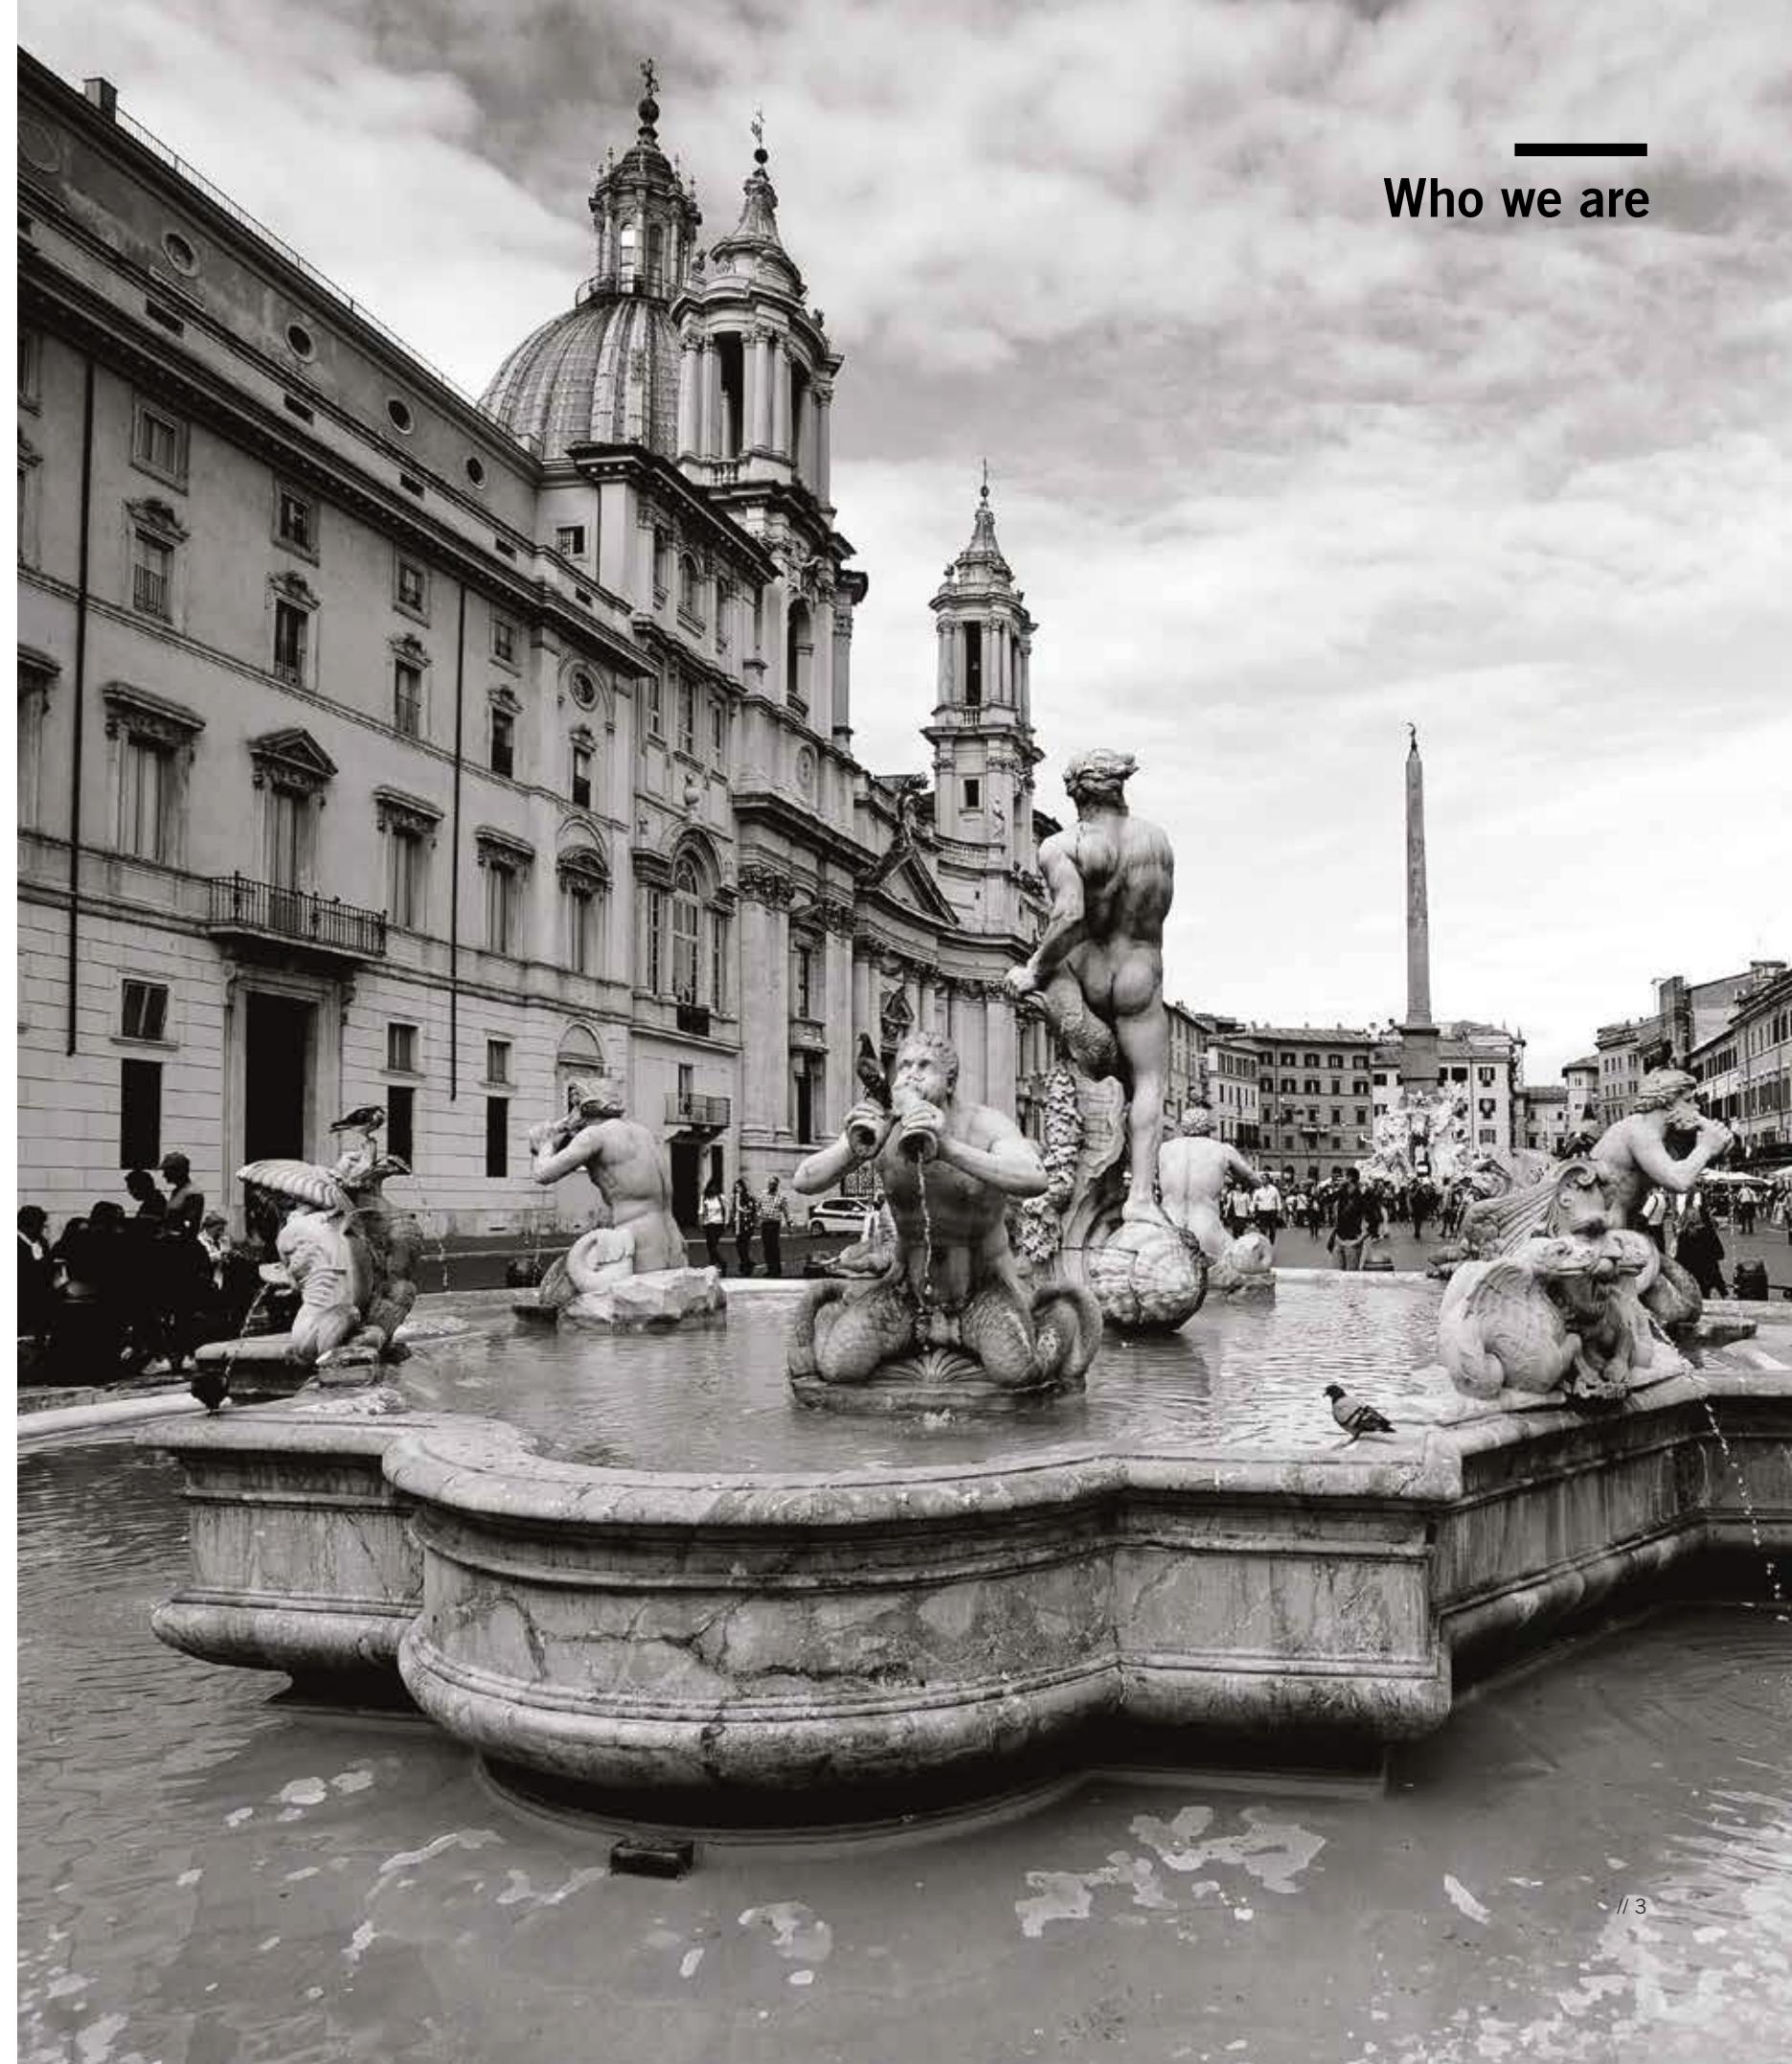

With its fountains and Baroque Palaces, Piazza Navona is one of the most mesmerizing places in Rome. For those who admire the view, sitting at one of the many cafes overlooking the square, one can realize it is a symbol of Italian Style and Art.

Navona brings to the United States, familiar excellence and design associated with Made in Italy. We have dedicated ourselves to more than a decade furnishing interiors, offering knowledge and expertise, with our touch of Italian style for our Residential and Contract projects.

We are a team of professionals with a solid furniture background and a passion for interior design. We are inspired by the history of Italian Art to design spaces that reflects its beauty and the excellence of its tradition. We are involved in every aspect of the project, from the design phase to every little detail that will make the difference, by finding personalized solutions to each customers' needs. Our designers specialize in residential and yacht design, and have expertise in contract Design, working on projects for hotels and corporate spaces.

- Our Mission is the constant research for the best quality in our products and our services.
- We offer the most authentic Made in Italy: Ideas, People, Products and Materials, which are the quintessential of our heritage.
- We fulfill every phase with professionalism and expertise, from design to production and from execution to post sale assistance.

We offer

We offer even more than just turnkey: an idea that becomes reality. We are involved in every phase and achieve best results by identifying the right materials and furnishings. Kitchens, Living, Bathrooms, Bedrooms, Doors, Wardrobes and Closets: We only select from "Made in Italy"; the best for design, functionality and comfort. We pay extraordinarily detailed attention in the selection of materials. Wood, marble, stone, glass, upholstery and metal have the intentions for making our ideas functional, modern and unique. We are dedicated to remaining conscious of the environment. Our choices favor the environment awareness for a more sustainable future.

We use the latest design software for our projects: our renders are picture quality and show a life-like view of the materials, finishes and solutions. The design approval is where the execution begins. We work with a network of professionals and suppliers that allow us to cover nationwide areas to products and materials enabling us to meet project and deadlines.

Marna

A classical setting for modern kitchen fittings. The geometrical simplicity of the island and wall units blends in with the stucco and boiserie of this suite on the main floor of an ancient mansion.

Attention to details gives a sophisticated, functional look, also inside the accessory-fitted drawers of the work area, which features tops and sink unit in grey stone.

Palatina

The door with push-pull opening creates an uncluttered look. Walnut veneered with continuous grain pattern, it extends to the floor to cover the island toe kick.

Glass panels encloses the area dedicated to the wine cellar and pantry, with grey cord matt lacquered boiserie and tall units. The same finish is repeated for the wall separating the kitchen from the living room.
